Editor's Notes

Something I did that I haven't done in a while…attending Animé Los Angeles for only a couple days…and solo. It was actually fun. The difference, I took the train to and fro the two days I attended…Friday and Saturday. Ok, sure I wasn't there for as much as I wanted to be, but I made the most of it. I hung out with friends at I only see at cons and actually made a few more. I'm glad I cancelled my hotel reservations!

Another convention I attended was Collect-a-Con, back in early March. Sorry, not too many photos to post on the website. My sister was visiting for the weekend, so I invited her to go with me. Man, it sure was a different con! It wasn't what I expected it to be. I thought that it was going to be some kind of collectables show…hence the name. But it wasn't. To sum it up, it was mostly all about the Pokémon Trading Card Game and voice actor autographs , not much else. But there were interesting things. I'd say it's only worth a day trip, not the two that it was scheduled for.

Yihdra Arvoln

CV: Inagaki, Konomi

The young girl who is the head of the Arborn family, a clan of great wizards. While studying magic for the happiness of the people, she strives every day to become the greatest wizard, the "Royal Staff."

PROFILE

[Birthday] Born on July 12th

[Special Skills] Speed reading, self-defense (taught directly by Poseidon)

[Hobbies] Magic research, long baths

The story follows Tōgo Asagaki, a spirited and justice-driven hero who serves as the Red Ranger, known as Kizuna Red, leader of the Bansō Sentai Kizuna Five, a Super Sentai team on Earth. The Kizuna Five are powered by the concept of "bond energy," a force derived from human relationships and camaraderie, which fuels their suits, weapons, and abilities. Tōgo's life takes a dramatic turn during a climactic battle against the supervillain Breakup King (sometimes referred to as Zetsuender, meaning "one who severs bonds"), a foe whose mission is to destroy relationships—the very source of Kizuna Five's strength. In this final showdown, Tōgo is defeated and believes he's about to die, only to find himself unexpectedly transported to a fantastical new world.

Stranded in this unfamiliar realm with no way back to Earth, Tōgo adapts to his new reality by becoming an adventurer. He retains his ability to transform into Kizuna Red, bringing his tokusatsu flair—complete with classic dramatic poses, colorful explosions, and friendship-themed powers—into a classic medieval fantasy setting. This world is filled with magic, monsters, and political intrigue, but Tōgo's over-the-top heroism stands out as both bewildering and inspiring to its inhabitants. Unable to return home, he resolves to continue his mission of protecting the innocent and fighting evil, albeit in a very different context.

Tōgo soon crosses paths with a colorful cast of companions. First, he meets Yihdra Arvoln (sometimes spelled Idola or Hydra in some sources), a young sorceress determined to prove her worth and restore her family's tarnished honor. Her curiosity about Tōgo's strange abilities and boundless optimism sparks a bond between them. Next, they encounter Princess Teltina Liz Wagrel Alvarost, the third princess of the Avalost Empire, who is on a mission to stop the spread of "demon seeds"—mysterious objects that possess people, granting them power at the cost of turning them into monsters. Teltina is poised yet secretly playful, sharing Tōgo's heroic ideals. Finally, there's Lowji Mist (sometimes called Rosie Mist), Teltina's loyal bodyguard and a skilled swordsman. Lowji is infatuated with the princess and often finds himself envious of Tōgo, whose flashy heroics and growing closeness to Teltina steal the spotlight.

Asagaki, Tōgo

CV: Itō, Tomoya

A hot-blooded boy who values bonds and friends above all else. He is straightforward and works hard at everything he does. He fights every day as an adventurer to save people in trouble in another world.

PROFILE

[Birthday] Born on January 15th

[Special Skills] All sports, tasting cheap snacks

[Hobbies] Making friends, collecting food toys

Together, this unlikely party embarks on a journey across the fantasy world, battling villains empowered by demon seeds and unraveling a larger conspiracy tied to their existence. Tōgo's Sentai background clashes hilariously with the fantasy setting—his penchant for dramatic speeches, transforming with a wrist device (the Kizuna Breath), and summoning weapons like the "Great Bond Sword" or a blaster with marriage-themed attack modes baffles his allies and enemies alike. Yet, his unwavering belief in justice and the power of bonds gradually wins over his companions and the people they meet.

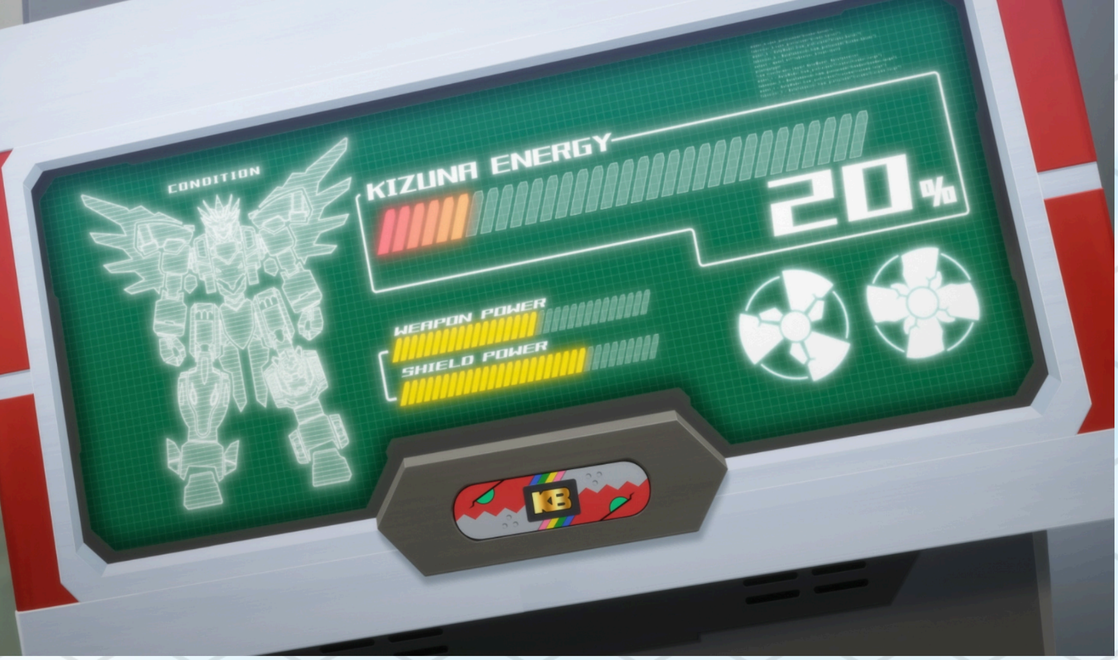
As the story unfolds, Tōgo's past as a Ranger comes into play. Flashbacks reveal his deep ties to his Kizuna Five teammates on Earth, including moments of camaraderie and sacrifice that shaped his heroic spirit. Meanwhile, in the new world, tensions arise—such as Yihdra's occasional jealousy over Tōgo's interactions with others, like the mysterious Raniya, who seems to know more about his origins than she lets on. The group faces increasingly powerful foes, including nobles corrupted by demon seeds and a looming threat tied to the Demon Queen's legacy, hinting at a greater evil orchestrating events from the shadows.

Sentai Red Isekai de Bōkensha ni Naru blends action, comedy, and heartfelt moments, parodying both Super Sentai tropes and isekai conventions while celebrating the absurdity and sincerity of Tōgo's journey. It's a tale of a hero out of his element, using the power of friendship to protect a world that doesn't quite know what to make of him—yet can't help but be changed by his presence.

Tōgo is hot-blooded and passionate, exuding an infectious enthusiasm that reflects his deep commitment to justice, friendship, and the concept of "bonds" (or "kizuna," a recurring theme tied to his identity as Kizuna Red). This fervor drives him to act boldly and decisively, often charging into situations without hesitation—sometimes to the point of recklessness. His tendency to act before thinking aligns with his impulsive nature, a trait that can lead to both heroic triumphs and comedic mishaps, endearing him to allies and confounding those around him.

He's also optimistic and happy-go-lucky, rarely letting setbacks dampen his spirit. This cheerful demeanor shines through in his interactions, where he maintains a kind and approachable attitude, even toward those who wrong him—like Rosie Mist, who once stole his Morpher. His ability to stay positive and forgiving highlights his emotional resilience and genuine goodwill, making him a natural leader who inspires others, whether in his original world or the new one.

Despite his bold exterior, Tōgo has a shy and flustered



side, particularly in more personal or awkward situations, such as when he accidentally sees Yihdra naked. This vulnerability adds depth, showing he's not just a one-dimensional hero but someone capable of embarrassment and humility. It contrasts with his usual confidence, revealing a softer, more human layer beneath the bravado.

Tōgo's strong sense of justice and dedication to helping others define his core. His decision to become an adventurer in the new world stems from a desire to protect the innocent and fight injustice, mirroring his role as a Ranger. He cherishes people's dreams and despises those who mock them, reflecting a noble idealism that fuels his actions. However, hints of a deeper complexity emerge—like when a former ally calls him "a lonely soul starved for bonds," suggesting an underlying need for connection that might stem from past losses, such as his mother's death or his sacrifice in the final battle.

In essence, Tōgo Asagaki is a dynamic mix of fiery determination, unshakable optimism, and heartfelt sincerity, tempered by moments of vulnerability and an unspoken yearning for belonging. His personality not only makes him a standout hero but also a catalyst for those around him, bridging the absurdity of his tokusatsu roots with the challenges of his new fantasy world.

Sentai Red Isekai de Bōkensha ni Naru, based on available reviews and community feedback as of March 8, 2025, shows a mix of enthusiasm and tempered expectations, largely hinging on viewers' familiarity with and affection for the tokusatsu (Super Sentai/Power Rangers) genre it parodies, as well as their tolerance for its blend of isekai tropes and comedic absurdity.

Fans of tokusatsu and lighthearted isekai tend to embrace the anime warmly. Reviewers from *Anime News Network's Winter 2025 Preview Guide* highlight its charm, calling it "charming, funny, creative, and entertaining" for those who vibe with Super Sentai's over-the-top heroism. The premise—a Red Ranger, Tōgo Asagaki, isekai'd into a fantasy world with his transformation powers intact—delivers a "comedic goldmine" by clashing genres: his dramatic poses, random explosions, and friendship-fueled antics baffle the medieval locals. This absurdity is a big draw, especially for viewers who get the in-jokes—like why enemies explode after a punch or why he doesn't escalate to his strongest moves immediately.

However, it's not universally adored. For those outside the tokusatsu fandom, the appeal can fall flat. One *Anime News Network* reviewer admitted it's "not made for me," citing a lack of personal nostalgia for Power Rangers and finding it a "fun half hour" they'd likely forget. The humor and stylistic choices—think excessive explosions and earnest catchphrases—can feel repetitive or niche if you don't buy into the parody. Animation quality also gets mixed feedback; while some praise Satelight's work (known for *Fairy Tail* and *Log Horizon*), others on X and Reddit have called it "meh" or "inconsistent," suggesting the budget might not match the ambition. Posts on X also hint at broader critiques: pacing issues, forgettable music (outside the opening), and a sense that it leans too hard on "mindless action" without deeper substance.

Overall, people think it's a blast if you're in on the joke—tokusatsu fans and isekai lovers craving something silly give it a thumbs-up, often rating it a personal 7/10 or higher for its vibe. But if you're not sold on the Red Ranger shtick or want tighter storytelling, it might just be a quirky blip on the radar. Sentiment leans positive among its niche, with the caveat that it's not rewriting the anime rulebook. ✤ IneptWizard_386

Hana-Doll*: Reinterpretation of Flowering

華Doll* -Reinterpretation of Flowering-

What comes to mind when you hear the word "idol?" Sparkly people who sing and dance? A profession that gives hope and dreams to many people? A popular person that everyone looks up to? The idol industry is now saturated with imitations all dreaming the same thing. Don't you think this is a crisis for the entertainment industry?

That's why we at Amagiri Productions have launched the "Hana Ningyō Project." This project aims to artificially create highly talented, near-perfect idols by implanting "special flower seeds" into the human body and using medical technology to maximize a person's potential as they grow. To pass the audition, the production company requires them to sign a contract to undergo surgery to implant a special "seed" in their bodies in exchange for their life, in order to help them "bloom" as perfect idols.

The story follows Rona Hermit, formerly of the Gugrekas family, who is a young girl that was expelled from her home due to acquiring a "weak" SSS-ranked skill. Left destitute and hopeless in the forest, she finds herself at a breaking point when she suddenly attacks a slime. Rona fails when she attacks it with an ice spell. Desperate, she tries to activate her newly acquired "Internet" skill offensively. She spectacularly fails, but ends up killing the slime by kicking it. This moment marks the turning point in her life as she begins to start learning about her unique SSS-rank skill: "Internet." Unlike any other ability in her world, this skill allows her alone to access "guide sites"—essentially a cheat code to the world's knowledge and secrets.

What begins as an unassuming and seemingly weak skill soon reveals its limitless potential. With the power of divine knowledge at her fingertips, Rona transforms her fortunes, producing endless valuable items and acquiring ultra-rare equipment. In a world where manifesting an SSS-rank ability with a "useless" skill is considered a disgrace, Rona

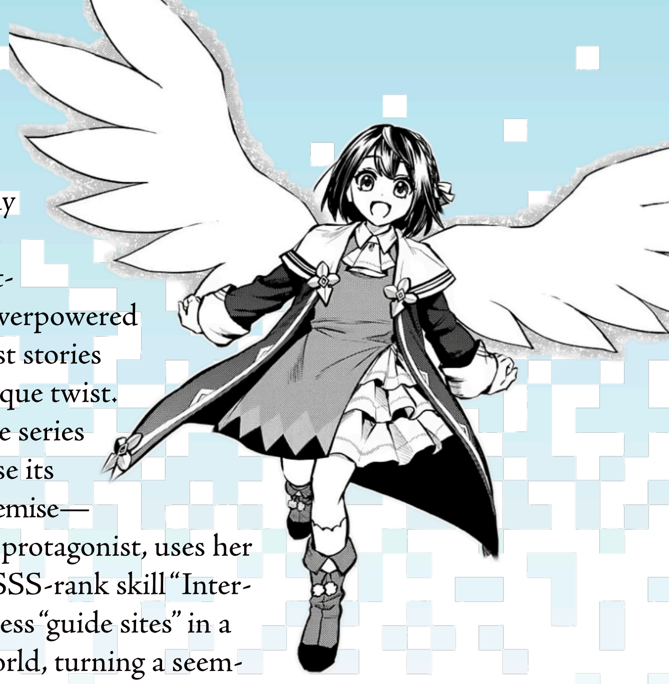
Empowered by her newfound abilities, she sets out to live freely, doing as she pleases in a thrilling and delightful fantasy adventure. Rona exclaims that this skill touches on the wisdom of the gods, and is somewhat frightened by it.

Sekai Saikyou no Majo is a fantasy manga that blends elements of empowerment, humor, and creativity, showcasing Rona's journey from a downtrodden outcast to a formidable force, all thanks to her exclusive access to this extraordinary skill. The chapters are presented in a format where Rona unwittingly opens different scenarios as her story continues, often with humorous and unexpected results—just like a role-playing game.

Rona Hermit starts as a disheartened and seemingly powerless young girl in a fantasy world. She is introduced as someone who has hit rock bottom—expelled from her home due to an unknown weak skill. This suggests she begins the story in a vulnerable and desperate state, likely a pariah or someone overlooked by society. Her initial lack of resources and power paints her as an underdog, a common trope in fantasy narratives that sets the stage for her dramatic rise, but unlike other characters, Rona became ecstatic that she can live and do what she wants without her family holding her down. Changing to mother's maiden name, "Hermit," might hint at a solitary nature or a past of isolation, though the story seems to focus more on her breaking free from such constraints and living freely.

As a character, Rona evolves from being helpless into the so-called "world's strongest witch." Her journey is one of self-acceptance and self-determination, driven by her desire to live freely and on her own terms as she helps others. The manga portrays her as resourceful, determined, and perhaps a bit defiant, as she defies the societal stigma attached to manifesting an SSS-rank skill deemed "useless." Her personality carries a mix of obliviousness, resilience, wit, and a touch of rebelliousness, given her insistence on thriving in a world that once rejected her.



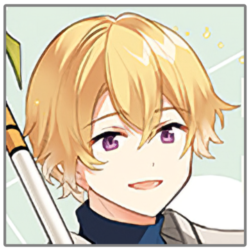
Readers of *Sekai Saikyou no Majo* are somewhat mixed, but lean toward positive, particularly those who enjoy light-hearted, overpowered protagonist stories with a unique twist. Fans of the series often praise its creative premise—Rona, the protagonist, uses her exclusive SSS-rank skill "Internet" to access "guide sites" in a fantasy world, turning a seemingly weak ability into a cheat-like power. The manga is appreciated for its humor, such as the absurdity of internet slang spreading in a medieval world or gamers being revered as "gods," alongside Rona's endearing obliviousness and the cult-like following she unintentionally amasses. The manga's art style and comedic moments, like her misunderstanding of rank hierarchies (thinking SSS is below G), is also appreciated.

However, it's not without criticism by other readers. Some find the "I am strong and I win" formula unengaging, suggesting it lacks tension or stakes, which can make it less entertaining for those seeking deeper conflict or character development. A few express that while the gimmick is fun, it risks becoming repetitive if it doesn't change beyond Rona effortlessly solving problems with her guide-site advantage.

Overall, the consensus seems to be that it's a niche but enjoyable read—best suited for those who like fluffy, low-stakes fantasy with a clever hook. Although not popular by any means, it has a dedicated following that finds its charm in the protagonist's antics and the playful subversion of typical power fantasies. If this is the kind of story that's up your alley, this will be a fun read. ❖ Ed Gomez

Reinhardt Highwind

A young man who was a skilled adventurer nicknamed the Swift Wind and Lightning, but retired from adventure after taking an arrow in his knee. He now works as a gatekeeper in a rural town while he recuperates.



Elhaul

Queen of the Elves. She seems to be suffering from a serious illness. It also appears that the Queen has some kind of connection with the Gugrekas family. After meeting Rona and discovered their plot, their connection is severed.

Hiya, I'm pantsu_waifu but I go by Jey! I'm based in SoCal around Orange County and have been going to conventions since I 2015! I've been actively cosplaying after 2021, but I made my first fully handmade cosplay in 7th grade. I've been watching anime since I was born if you count my dad showing me Astro Boy since my infancy, but my first anime I watched that got me into anime was *Heartcatch PreCure* in 2011.

Sparkle

"Hey hey, I'm Sparkle! Got any cool, daring quests or risky biz? Just hit me up! If it piques my interest we can talk money. The main thing is about having a riot of a time, right?"

Sparkle is a member of the Masked Fools. Inscrutable and unscrupulous. She is a dangerous maestro of theatrics, utterly engrossed in the art of performance. Adorned with innumerable masks, she is the hero with a thousand faces. Wealth, status, power…none of those matters to her. The only thing that can get her attention is "amusement."

The Masked Fools are an intergalactic organization devoted to Aha, the Aeon of Elation. They operate out of The Tavern. The Masked Fool Sparkle, among several others, was invited to the Charmony Festival on Penacony in 2158 AE. She assisted Aventurine and the Astral Express Crew in uncovering the conspiracy within The Family. It is later revealed that she was hired by Stellaron Hunter Silver Wolf to ensure that Firefly' prophesied three deaths would happen in the safest way possible.

My other hobbies include gaming, art, and shopping. I'm not the best at games, but whatever I'm niche at I think I'm pretty good. I suck at League of Legends even though I've been playing for years, but I have the Arena God achievement, which only .1% of players have. I also like rhythm games like *Dance Dance Revolution*, but my best rhythm game is *Reflec Beat* and I also have the official arcade cabinet of the game in my house!

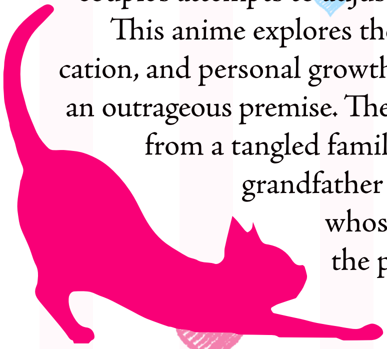
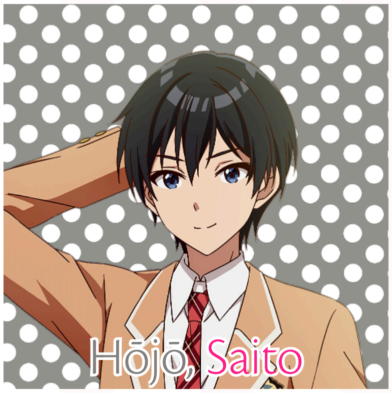
Class no Daikirai na Joshi to Kekkon suru Koto ni Natta follows high school student Saito Hōjō, who finds himself in an unexpected arranged marriage with his classmate and arch-nemesis, Akane Sakuramori. The two have a well-known rivalry at school, marked by constant bickering and mutual disdain, but their lives take a dramatic turn when Saito's domineering grandfather forces them into matrimony, threatening to hand the family business to the dog if Saito refuses. Reluctantly agreeing, Saito and Akane must navigate their new life as a married couple while keeping it a secret from their classmates.

The anime delves into the evolving dynamic between Saito and Akane as they transition from enemies to reluctant partners. Initially, their forced cohabitation is fraught with tension—Akane's tsundere personality leads to frequent outbursts, while Saito tries to maintain his calm, pragmatic demeanor. However, as they share a home, meals, and even a bed, small moments of understanding begin to emerge. The series blends humor with heartfelt scenes, showcasing their gradual shift from hostility to affection. Supporting characters, like Akane's childhood friend Himari—who harbors a crush on Saito—and Saito's quirky younger cousin Shisei, add layers of rivalry and comedy, complicating the couple's attempts to adjust to their bizarre situation.

This anime explores themes of love, miscommunication, and personal growth against the backdrop of an outrageous premise. The arranged marriage stems from a tangled family history involving Saito's grandfather and Akane's grandmother, whose past romance influences the present. As Saito and Akane grapple with their feelings, the anime promises a rollercoaster of emotions, balancing slapstick humor with tender moments of connection.



Saito Hōjō is a high school student whose life takes a wild turn when he's thrust into an arranged marriage with his classroom rival, Akane Sakuramori. Saito is portrayed as a calm, level-headed, and pragmatic individual, often serving as the grounded counterpoint to Akane's fiery, impulsive nature. He's not particularly flashy or outspoken, preferring to keep a low profile at school, but his sharp wit and dry sarcasm come out during his frequent clashes with Akane. Saito's backstory reveals a complex relationship with his family, particularly his overbearing grandfather, who raised him after his parents' unspecified absence. This upbringing has made him self-reliant and adept at handling difficult situations, though it's also left him somewhat guarded emotionally. At school, he's a decent student, not at the top of the class but respected for his steady demeanor.



CV: Sakata, Shōgo

Akane's classmate and nemesis. He doesn't get along well with Akane, who always starts fights with him. He's smart and always gets top grades, but he doesn't follow common sense and is a bit of a scatterbrain. He marries Akane to take over the Hōjō Group, owned by his grandfather.

Birthday April 10th

As the series progresses, Saito's character development shines through his evolving relationship with Akane. While he starts off viewing the marriage as a burdensome obligation, living with her begins to peel back his reserved exterior. His interactions with other characters, like fending off Himari's subtle advances or humoring his cousin Shisei's antics, showcase his adaptability and quiet strength.

Akane Sakuramori is a spirited and fiery high school girl who becomes Saito Hōjō's unexpected wife and the source of much of the series' comedic and emotional tension. Akane is a classic tsundere—brash, loud, and quick to anger, especially around Saito, whom she's despised since their early classroom encounters. Known for her sharp tongue and competitive streak, she's a standout at school, both for her striking looks—long red hair and a commanding presence—and her bold personality. Beneath her tough exterior, however, Akane harbors insecurities and a softer side that gradually emerges as she navigates her bizarre new life as a married teenager.

Akane's grandmother was once romantically involved with Saito's grandfather, a connection that fuels the arranged marriage plot. Raised by her single mother after her father's departure, Akane has developed a fierce independence and a tendency to push people away, traits that amplify her clashes with Saito. Her agreement to the arrangement stems from a mix of pride and a desire to prove she can handle anything, even living with her nemesis. She's initially furious about sharing a home (and a bed) with him, leading to hilarious outbursts—like throwing pillows or storming off in a huff—but these moments slowly give way to reluctant camaraderie. Small acts, like Saito cooking her favorite meals, chip away at her defenses, revealing a vulnerability she's loath to acknowledge. Her childhood friend Himari's jealousy over Saito adds tension, forcing Akane to confront her own feelings.

The general feeling of *Class no Dai Kirai na Joshi to Kekkon suru Koto ni Natta.* is a lively blend of lighthearted comedy, romantic tension, and gradual emotional warmth, wrapped in an absurd yet endearing premise. The anime thrives on the chaotic energy of Saito and Akane's forced marriage, delivering a playful, upbeat tone that keeps viewers entertained with its mix of slapstick humor and witty banter. Their constant bickering and the ridiculous situations they stumble into—like hiding their relationship from classmates or navigating domestic life as teens—create a sense of fun and unpredictability, making it easy to root for their eventual reconciliation. The vibrant animation and expressive voice acting further enhance this buoyant, feel-good vibe.

As Saito and Akane transition from enemies to reluctant partners, the anime captures the awkward, messy process of understanding and caring for someone you once couldn't stand. These quieter moments add a layer of sweetness that balances the humor, evoking a sense of hope and anticipation for their relationship's evolution. The supporting cast, with their own quirks and agendas, keep the stakes personal and relatable, grounding the outrageous setup in familiar high school dynamics.

The overall impression online is that this anime might not be worth watching, especially for those looking for a well-developed and original romcom. However, while lacking in depth, there is something soft and cute about it. *Class no Dai Kirai* garnered a reputation as a charming romcom that doesn't take itself too seriously, offering a feel-good escape with just enough emotional resonance to keep you invested in Saito and Akane's rocky road to romance. As far as romcoms go, this is one of the better ones. ❖ Kayla Ashton

The story is set in Kanagawa Prefecture, mainly Yokohama City. Kamakura City, where the Sakuya's main house is located, and a small island in Sagami Bay that serves as the setting of the story. A fantasy action story about school demon-exorcising centered around poor student Shin'ichirō Asano and Sakuya Shimazu The catchphrases are "For such humiliation… take responsibility!" and "Part-time demon-exorcising, with the occasional romantic comedy here!"

Strange things have been happening around Shin'ichirō, a second-year student at Hoshinokawa High School in Yokohama. A beautiful woman has transformed into a centipede monster, a female student has been attacked by a giant beast in the old school building. In the midst of all this, Shin'ichirō meets Sakuya, a beautiful girl who uses a bow and arrow as her weapon. She is the 37th head of the Shimazu clan, whose job it is to exterminate demons. Oh really, well so do I
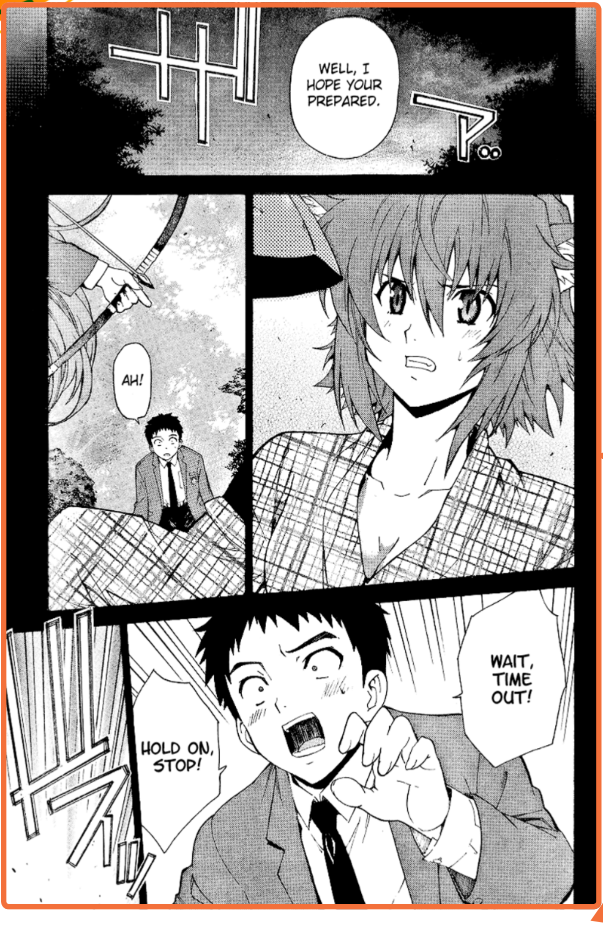
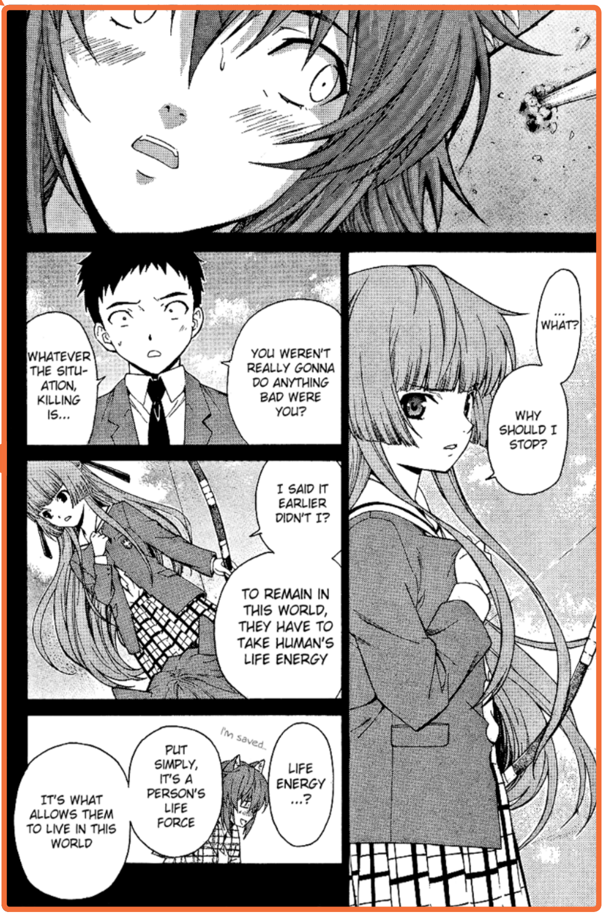
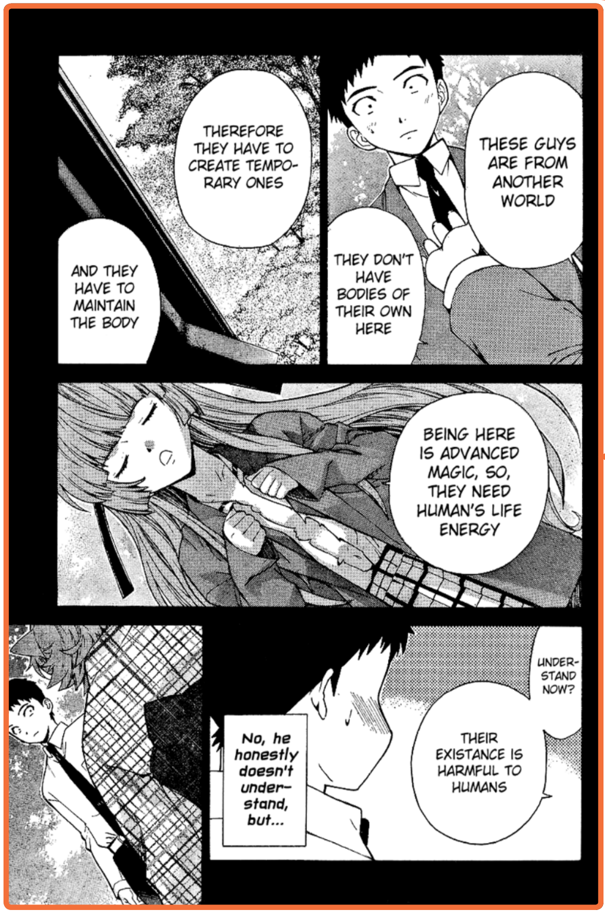
This place is a pigpen, has it ever been clean?
Why did you bring that into this house?
Uhm....



Well, I hope your prepared.
Ah!
Wait, time out!
Hold on, stop!



...What?
You weren't really gonna do anything bad were you?
Whatever the situation, killing is...
Why should I stop?
I said it earlier didn't I?
To remain in this world, they have to take human's life energy
Life energy...?
Put simply, it's a person's life force
I'm saved...
It's what allows them to live in this world



These guys are from another world
They don't have bodies of their own here
Therefore they have to create temporary ones
And they have to maintain the body
Being here is advanced magic, so, they need human's life energy
Understand now?
Their existance is harmful to humans
No, he honestly doesn't understand, but...

THESE GUYS ARE CERTAINLY FROM ANOTHER WORLD
AND THEY ALL USE OUR SPIRITUAL ENERGY. NOTHING HAPPENS WHEN YOU USE THEIR ORDINARY NAME, BUT THEY POSSESS ANOTHER
THEIR MANA, OR TRUE NAME
IN OTHER WORDS, WHOEVER KNOWS THEIR MANA, CAN CONTROL THEM
THEY WILL BE FORCED TO OBEY ALMOST ANY ORDER
ALMOST?
OF COURSE, ABSURD ORDERS LIKE "GO DIE!" AND THE LIKE ARE USELESS
